WHY THE CHIMES RANG

HERE was
once, in a far-
away country
where few people
have ever traveled, a
wonderful church. It
stood on a high hill in the midst

WHY THE CHIMES RANG

of a great city; and every Sunday, as well as on

sacred days like Christmas, thousands of people climbed the hill to its great archways, looking like lines of ants all moving in the same direction.

When you came to the building itself, you found stone columns and dark passages, and a grand entrance leading to the main room of the church. This room

WHY THE CHIMES RANG

was so long that one standing at the doorway could scarcely see to the other end, where the choir stood by the marble altar. In the farthest corner was the organ; and this organ was so loud, that sometimes when it played, the people for miles around would close their shutters and prepare for a great thunderstorm. Alto-

gether, no such church as this was ever seen before, especially when it was lighted up for some festival, and crowded with people, young and old. But the strangest thing about the whole building was the wonderful chime of bells.

At one corner of the church was a great gray tower, with ivy growing over it as far up as one could see. I say as far as one could see,

WHY THE CHIMES RANG

because the tower was quite great enough to fit the great church, and it rose so far into the sky that it was only in very fair weather that any one claimed to be able to see the top. Even then one could not be certain that it was in sight. Up, and up, and up climbed the stones and the ivy; and, as the men who built the church had

been dead for hundreds of years, every one had forgotten how high the tower was supposed to be.

Now all the people knew that at the top of the tower was a chime of Christmas bells. They had hung there ever since the church had been built, and were the most beautiful bells in the world. Some

thought it was because a great musician had cast them and arranged them in their place; others said it was because of the great height, which reached up where the air was clearest and purest: however that might be, no one who had ever heard the chimes denied that they were the

sweetest in the world. Some described them as sounding

WHY THE CHIMES RANG

like angels far up in the sky; others, as sounding like strange winds singing through the trees.

But the fact was that no one had heard them for years and years. There was an old man living not far from the church, who said that his mother had spoken

of hearing them when she was a little girl, and he was the only one who was sure of as much as that. They were Christmas chimes, you see, and were not meant to be played by men or on common days. It was the custom on Christmas Eve for all the people to bring to the church their offerings to the Christ-child; and when the greatest and best offer-

ing was laid on the altar, there used to come sounding through the music of the choir the Christmas chimes far up in the tower. Some said that the wind rang them, and others that they were so high that the angels could set them swinging. But for many long years they had never been heard. It was said that people had been growing less careful of

their gifts for
the Christ-child,
and that no offer-
ing was brought,
great enough to
deserve the music
of the chimes.

Every Christmas
Eve the rich people

still crowded
to the altar,
each one try-
ing to bring
some better
gift than
any other,
without giving
anything that

he wanted for himself, and the church was crowded with those who thought that perhaps the wonderful bells might be heard again. But although the service was

splendid, and the offerings plenty, only the roar of the wind could be heard, far up in the stone tower.

Now, a number of miles from the city, in a little country village, where nothing could be seen of the great church but glimpses of

the tower when the weather was
fine, lived a boy named Pedro,
and his little brother. They knew
very little about the Christmas
chimes, but they had heard of the

service in the church on Christ-
mas Eve, and had a secret plan,
which they had often talked over
when by themselves, to go to see
the beautiful celebration.

“Nobody can guess, Little
Brother,” Pedro would say, “all

the fine
things there
are to see
and hear;

and I have even

heard it said that the Christ-child sometimes comes down to bless the service. What if we could see Him?

The day before Christmas was bitterly cold, with a few lonely snowflakes flying in the air, and a hard white crust on the ground.

Sure enough,
Pedro and
Little Brother
were able to
slip quietly
away early in
the after-

noon; and although the walking was hard in the frosty air, before nightfall they had trudged so far, hand in hand in saw the city just

hand, that they lights of the big ahead of them. Indeed, they

WHY THE CHIMES RANG
were about to enter one of the
great gates in the wall that sur-
rounded it, when they saw some-
thing dark on the snow
near their path, and
stepped aside to look
at it.

WHY THE CHIMES RANG

It was a poor woman, who had fallen just outside the city, too sick and tired to get in where she

might have found shelter. The soft snow made of a drift a sort of pillow for her, and she would soon be so sound asleep, in the wintry air, that no one could ever waken her again. All this Pedro saw in a moment, and he knelt down beside her and tried to rouse her, even tugging at her arm a little, as

WHY THE CHIMES RANG

though he would have tried to carry her away. He turned her face toward him, so that he could rub some of the snow on it, and when he had looked at her silently a moment he stood up again, and said:

“It’s no use, Little Brother. You will have to go on alone.”

“Alone?” cried Little Brother.

“And you not see the Christmas festival?”

“No,” said Pedro, and he could not keep back a bit of a choking sound in his throat. “See this poor woman. Her face looks like the Madonna in the chapel window, and she will freeze to death if nobody cares for her. Every one has gone to the church

now, but when you come back you can bring some one to help her. I will rub her to keep her from freezing, and perhaps get her to eat the bun that is left in my pocket.”

“But I can not bear to leave you, and go on alone,” said Little Brother.

“Both of us need not miss the service,” said Pedro, “and it had better be I than you. You can

WHY THE CHIMES RANG

easily find your way to the church; and you must see and hear everything twice, Little Brother—once for you and once for me. I am sure the Christ-child must know how I should love to come with you and worship Him; and oh! if you get a chance, Little Brother, to slip up to the altar without getting in any one's way, take this little silver piece of mine, and lay it down for my offer-

WHY THE CHIMES RANG

ing, when no one is looking. Do not forget where you have left me, and forgive me for not going with you.”

In this way he hurried Little Brother off to the city, and winked hard to keep back the tears, as he heard the crunching footsteps sounding farther and farther away in the twilight. It

was pretty hard to lose the music and splendor of the Christmas celebra-

tion that he had been planning for
so long, and spend the time
instead in that lonely place in the
snow.

The great
church was a
wonderful place
that night. Every
one said that it

had never looked so bright and
beautiful before. When the
organ played and the thousands
of people sang, the walls shook
with the sound, and little Pedro,
away outside the city wall, felt

WHY THE CHIMES RANG
the earth tremble around him.

At the close of the service came
the procession with the offerings

to be laid on the

altar. Rich men

and great men

marched proudly

up to lay down

their gifts to the

Christ-child. Some brought

wonderful jewels, some baskets

of gold so heavy that they could

scarcely carry them down the

aisle. A great writer laid down

a book that he had been making

for years and years. And last of all walked the king of the country, hoping with all the rest to win for himself the chime of the Christmas bells. There went a great murmur through the church, as the people saw the king take from his head the royal crown, all set with precious

WHY THE CHIMES RANG

stones, and lay it gleaming on the altar, as his offering to the holy Child. "Surely," every one said, "we shall hear the bells now, for nothing like this has ever happened before."

But still only the cold old wind was heard in the tower, and the people shook their heads; and

WHY THE CHIMES RANG
some of them said, as they had
before, that they never really
believed the story of the chimes,
and doubted if they ever rang
at all.

The procession was over, and
the choir began the closing

he had been shot, and every one looked at the old minister, who was standing by the altar, holding up his hand for silence. Not a sound could be heard from any one in the church, but as all the people strained their ears to listen, there came softly, but distinctly, swinging through the air, the sound of the chimes in the tower. So far away, and

WHY THE CHIMES RANG

yet so clear the music seemed—so much sweeter were the notes than anything that had been heard before, rising and falling away up there in the sky, that the people in

the church sat for a moment as still as though something held each of them by the shoulders. Then they all stood up together and stared straight at the altar, to see what great gift had

WHY THE CHIMES RANG

awakened the long-silent bells.

But all that the nearest of them saw was the childish figure of Little Brother, who had crept soft-

ly down the aisle when no one was looking, and had laid Pedro's little piece of silver on the altar.
